10. [redacted] Attended a meeting with representatives of the Office of Security and the U.S. Geological Survey regarding the use of [redacted] material in the making of sanitized maps for civilian departments and agencies. The purpose of the meeting was to discuss Interior's need for making an appropriate contact with staff members of the House and Senate Appropriations Committees pertaining to a Department of Interior budget request for funds for facilities to accommodate this new program. It is anticipated that this Agency will alert Mr. Michaels, House Appropriations Committee staff, and Mr. Woodruff, Senate Appropriations Committee staff, to the fact that Interior officials will be in touch with them in regard to this, pointing out that the merits of the budget request are strictly a matter between the Committees and the Interior Department.

11. [redacted] William McManus, formerly on the staff of the Senate Internal Security Subcommittee and more recently with the Washington office of General Electric, called to ascertain whether the Agency would have some of its people participate in a Federal Government seminar conducted in Washington by GE on 20, 21 and 22 March. Mr. McManus, who is a good friend of this Office, said that one of their people had recently attended a Brookings Institute session where several Agency people participated. This individual had reported to McManus that he felt the Agency group was truly outstanding. He made specific reference to a [redacted] McManus is firming up his arrangements for this session and is holding time open on 21 and 22 March and would hope to hear something from us within the next day or so. I told him I would check on this and be back in touch with him.
